हमिनास्तु

*Where Words Become Art and Art
Speaks Through Words*

अगर फिरदौस बर राए ज़मीं अस्त,
हमीं अस्त-ओ, हमीं अस्त-ओ, हमीं अस्त।

(If there is a paradise on earth,
it is this, it is this, it is this.)

Just as **Amir Khusro** described the beauty of Kashmir, we believe that Vishwa Bharti Public School, Ghaziabad is a paradise of learning — where knowledge meets creativity and education transcends textbooks. In this vibrant space, Art Integration is not just a method; it is a philosophy. By blending visual and performing arts with subjects like Mathematics, Science and languages, students learn to think critically, express freely and understand deeply.

From storytelling in History to rhythm in Math, our classrooms echo with creativity. This edition of our newsletter '**Haminastu**' captures the essence of how our school fosters holistic development, turning each lesson into an experience and every Vishwa Bhartian into a thinker, artist and innovator.

From President's Desk

***"The highest education is that which does not merely give us information but makes our life in harmony with all existence."* -**

Rabindra Nath Tagore

Guided by these profound words, Vishwa Bharti Public School, Ghaziabad strives to provide a vibrant platform for its young learners to embrace change, nurture curiosity and carve a promising future. Education strengthens minds, shapes personality, moulds character and prepares students to face the challenges of an ever-evolving world.

We take pride in the fact that our Vishwa Bhartians are excelling in diverse areas, academics, sports, arts, cultural activities and community service, bringing laurels to the school while embodying the values we cherish. The spirit of service-before-self remains central to our vision, ensuring that they grow into not only successful professionals but also compassionate and responsible global citizens.

I deeply value the role of parents as our learning partners in this journey of nurturing talent and fostering holistic growth. My heartfelt congratulations to the editorial team of '**Haminastu**' for presenting a wonderful reflection of the creativity, achievements, and spirit of our school community.

Dr. Surinder Krishen Koul
President, Vishwa Bharti Women's Welfare Institution

From General Secretary's Desk

The March Is On..

'The seeds we plant in young minds today will bloom into the future we dream of.'

Robert John Meeham

At Vishwa Bharti Public School, Ghaziabad we nurture these seeds with care, believing that education is not merely a destination but a lifelong journey that inspires questioning, exploration and growth. Here, the light of knowledge blends with the warmth of values, guiding our learners to face a dynamic world with wisdom, compassion and confidence.

Vishwa Bharti is more than just a school; it is a vibrant community where tradition harmonizes with aspiration. Deeply rooted in cultural heritage, the school instills in its students respect for values, discipline, humility and responsibility. We are delighted to see our students growing each day—excelling in academics, showcasing their talents and evolving into empathetic, confident individuals ready to embrace the future. Every learning experience is carefully designed to nurture not only academic excellence but also integrity, resilience and a spirit of service, shaping well-rounded individuals who remain grounded while aiming high.

As we look ahead, let us continue to build a future that is brighter, thereby unleashing endless possibilities. I extend warm congratulations to the Vishwa Bharti family and the dedicated team behind this edition of '**Haminastu**', a mirror image of creativity and vision.

Dr. Vijay Kumar Ganju

General Secretary, Vishwa Bharti Women's Welfare Institution

From Secretary's Desk

It is not the destination but the journey that defines true success.

Ralph Waldo Emerson

This thought perfectly captures the spirit of Vishwa Bharti Public School, Ghaziabad. Education is not just about reaching the finish line of academic milestones — it is about the journey of curiosity, courage and discovery.

Our school is a lively tapestry woven with the dedication of teachers, the curiosity of students and the trust of parents. Each child is a spark of potential and we strive to raise leaders, artists, athletes, thinkers and innovators who live by **our motto — Truth, Beauty and Goodness.**

We reiterate our commitment to building and strengthening the character of our children — character that will not crumble when tested in the crucible of adulthood — and to developing qualities of leadership that will shape compassionate, responsible global citizens. This reflects our belief that **'Every child is a star and each deserves to twinkle.'**

A School where Head connects with Heart, this edition of **'Haminastu'** celebrates imagination and personal resilience. Kudos to the team for inspiring every Vishwa Bhartian for a brighter tomorrow.

Sanjeev Bhat

Secretary, Vishwa Bharti Public School, Ghaziabad

From Principal's Desk

It is a delight to share my thoughts in this special edition of '**Haminastu**' where art doesn't just decorate learning, it defines it. At Vishwa Bharti Public School Ghaziabad, celebrating 75 years of excellence, we see Art as the heartbeat of education, a rhythm that flows into Mathematics, a colour that brightens Science and a melody that enriches language. Art is not a separate corner; it is the lens through which curiosity sparkles and imagination takes flight.

This newsletter is a vibrant canvas of our students' creativity and our teachers' vision, proving that when Art Integrates with academics, learning becomes alive, joyful and unforgettable. To me, every stroke, every note, every expression is a reminder that knowledge is not just understood, it is experienced. We are proud to see our students growing into wholesome individuals, exploring diverse opportunities, excelling not only in academics but also in co-curricular and creative pursuits. Their achievements stand as a testament to the balanced and holistic education that Vishwa Bharti Public School, Ghaziabad strives to provide.

I congratulate my dedicated teachers, students and parents who together painted this canvas of '**Haminastu**'. As Albert Einstein rightly said, "**Creativity is intelligence having fun.**"

May we keep this fun alive in our classrooms and beyond!

Editorial Insights

“A thing of beauty is a joy forever.” – John Keats

True to these timeless words of Keats, **‘Haminastu’** is our humble attempt to preserve the beauty of learning, creativity and imagination in the pages of our newsletter. It is my honour to pen a few words in this latest edition, which is more than a publication; it is a vision, a journey flowing through colours and the limitless expressions of young minds.

With its focus on Art Integration, this edition celebrates the harmony of intellect and imagination, where every subject finds rhythm and every idea finds a voice.

I take immense pride in presenting this vibrant compilation that mirrors not just the achievements of our students, teachers and community, but also their aspirations and dreams. May this edition inspire us all to blend knowledge with creativity, making education an enduring joy- a journey of Artful Learning.

As the Chief Editor, curating **‘Haminastu’** has been an enriching experience, with every article and artwork unfolding like a window into our school’s soul, reflecting the inherent values of being a Vishwa Bhartian. It has been a privilege to weave these diverse voices into a single tapestry of expression, making this edition a true celebration of our collective spirit.

Richa Khare
Chief Editor

हिंदी दिवस

मातृभाषा की गूंज

14 सितंबर 1949 को भारतीय संविधान सभा ने हिंदी को भारत की आधिकारिक भाषा के रूप में अपनाया था। हर वर्ष 14 सितंबर को भारतवर्ष में गर्व और उल्लास के साथ हिंदी दिवस मनाया जाता है। इस दिन का महत्व केवल हिंदी के प्रति जागरूकता पैदा करना नहीं, बल्कि हम सबको यह याद दिलाना भी है कि "भाषा केवल संवाद का माध्यम नहीं, हमारी संस्कृति, परंपराएं, लोककथाएं और साहित्य हिंदी में समाहित हैं।"

"विद्यालय वह मंदिर है, जहाँ ज्ञान की ज्योति जलती है।"

विश्व भारती पब्लिक स्कूल, गाजियाबाद एक ऐसा शिक्षण संस्थान हैं, जहाँ बच्चों को भाषा, संस्कार और संस्कृति का परिचय दिया जाता है। हिंदी भाषा को बचाने और प्रोत्साहित करने में हमारा स्कूल महत्वपूर्ण भूमिका निभाता है। हमारे स्कूल में हिंदी दिवस के अवसर पर विभिन्न प्रतियोगिताएं जैसे- कविता वाचन, कहानी वाचन, आशु भाषाण, वाद-विवाद प्रतियोगिताएं, पोस्टर बनाना आदि गतिविधियाँ आयोजित की जाती हैं। जिससे विद्यार्थियों में हिंदी भाषा के प्रति, प्रेम सम्मान की भावना और रोचकता का विकास होता है।

"शिक्षक ही वह मार्गदर्शक होते हैं, जो बच्चों में मातृभाषा का सम्मान और आत्मविश्वास विकसित करते हैं।" हिंदी हमारी शान, हिंदी हमारी आन।

Sakshi Bhagat
**Counsellor/
Special Educator**

We at Vishwa Bharti Public School, Ghaziabad believe in inculcating strong values in the eco system of our school, the S.M.I.L.E initiative (Special, Meaningful, Inclusive, Learning, for Everyone) is committed to fostering Social and Emotional Learning (SEL) values in students. Through meaningful activities, interactive sessions and reflective practices, S.M.I.L.E helps students develop self-awareness, empathy, collaboration, and resilience. By weaving SEL into everyday learning, S.M.I.L.E not only strengthens academic growth but also equips students with essential life skills. This initiative empowers learners to become confident, compassionate and responsible individuals, prepared to thrive in both personal and social spheres.

Le Monde Français !

The French World

Pourquoi apprenez -vous le Français ?

MERCI
GARIMA MITTAL

Le français est une langue utile car c'est une langue mondiale parlée sur tous les continents, une langue de communication internationale, et une langue officielle dans de nombreuses organisations.

Le français est également une langue de la culture (mode, cuisine, littérature, cinéma) et un atout pour le marché du travail, notamment en France et dans les pays francophones. Il améliore l'apprentissage et l'expression orale et elle augmente les connaissances sur la France et sa culture.

Selon mon expérience, il est très bénéfique et avec l'aide de Français vous pouvez vous améliorer la langue anglaise aussi.

Dans le monde d'aujourd'hui, parler une seule langue ne suffit pas. Un élève qui parle plusieurs langues multipliera ses chances sur le marché de l'emploi dans son propre pays et au niveau international.

C'est pourquoi je considère le français comme un véritable atout, tant sur le plan personnel que professionnel".

Les élèves de Vishwa Bharati ont fait preuve d'enthousiasme et de créativité à travers des activités stimulantes basées sur les nombres et l'alphabet. Ces exercices ludiques ont non seulement renforcé leur apprentissage, mais ont également rendu la classe vivante et interactive. Ces activités encouragent la curiosité, le travail d'équipe et la confiance en soi chez les jeunes apprenants. C'était merveilleux de les voir explorer des concepts avec joie et imagination.

An Ode To The Torchbearers- Our Teachers!

Behind every confident step, every curious question and every little achievement stands a teacher who lights the way without seeking the spotlight.

“

Teachers don't say, "I worry about you even after school hours."

They say, "I knew you'd do well—I believe in you."

“

Teachers don't say, "I sometimes put my own problems aside for class."

They say, "You are the reason my day feels brighter."

“

Teachers don't say, "I quietly celebrate your little victories."

They say, "Look how far you've come—I'm proud of you."

“

Teachers don't say, "I think of you as my own child."

They say, "Your happiness matters to me most."

“

Teachers don't say, "I hold back my tiredness for your sake."

They say, "Your smile gives me new energy."

“

Teachers don't say: "I sometimes sacrifice my dreams for this role."

They say, "Seeing you succeed is the dream I always wanted."

"शिक्षा केवल ज्ञान नहीं बल्कि सृजनात्मकता का विकास है" आज के शैक्षिक परिपेक्ष्य में केवल पुस्तकीय शिक्षा पर्याप्त नहीं है। इसलिए, कला-संवर्धित शिक्षण एक प्रभावशाली विधि बनकर उभरी है, जो शिक्षा को रचनात्मक, अनुभवात्मक और रोचक बनाती है। इसमें कविता लेखन, चित्रकला, रंगोली, नाटक मंचन आदि के माध्यम से छात्रों की सोचने, समझने और व्यक्त करने की क्षमता विकसित की जाती है। हिंदी शिक्षक का उद्देश्य केवल पाठ पढ़ाना नहीं, बल्कि विद्यार्थियों को प्रेरित कर उनके आत्म-विश्वास, सृजनात्मकता और सामाजिक समझ को बढ़ावा देना है। "कला वह माध्यम है, जिससे शब्द भी अपने से परे जाकर भावनाओं को समझते हैं।"

When Numbers Become Art

*In lines and curves, equations play,
A hidden beauty lights the way.
Triangles bloom in a rangoli's glow,
Symmetry whispers what numbers
know.*

*A graph becomes a star-lit sky,
With points and patterns rising high.
Algebra paints with terms so bright,
Turning the abstract into sight.*

*Where logic meets imagination's part,
Mathematics transforms into art.
Each formula sings, each figure speaks,
Of endless wonders the mind still seeks.*

*In every class, the truth is clear,
Art and math unite so near.
Together they weave a timeless theme,
Where learning flows like a vibrant dream.*

Celebrating Growth Together

In today's digital age, social media keeps parents closely connected with the school's day-to-day progress and their child's participation in activities. At Vishwa Bharti Public School, thoughtfully designed posts, engaging videos and timely updates ensure parents are informed about events, achievements and initiatives. This constant communication strengthens the school-parent partnership, builds trust and reflects our commitment to holistic growth and academic excellence.

"Social media is not just an activity; it is an investment of valuable time and resources." – Sean Gardner

Through creativity and meaningful updates, Vishwa Bharti Public School ensures every parent feels involved and every child's journey is celebrated.

CREATIVE QUILLS - STUDENT'S EXPRESSIONS

Art Through Every Subjects Land

Let us weave with a skillful hand,
The arts through every subject's land.
For every curious searching mind,
We'll head one by one each time.

Math's numbers dance, bright and alive,
Geometry's shapes, where angles thrive.

English unfolds, stories taking flight,
Grammar's structure, words shining bright.

Science's symphony, a grand design,
Each forces a note, truly divine.

Social studies, past to present connect,
Diverse perspectives, understanding elect.

Hindi's brushstrokes, emotions gleam,
Culture's wisdom, a vibrant dream.

Computer's canvas, code design,
Digital art, grand and fine.

Sanskrit's wisdom, ancient, deep,
Knowledge within its verses keeps.

A vibrant blend, a canvas bright,
Where learning takes its joyful flight.
No longer subjects stand alone,
But intertwined, their seeds are sown.

Gifts from God

The beautiful sky
That we see from our eyes,
The God gave me eyes
To see the beauty outside

The pacora is main
For us to enjoy the rain ,
The God gave us rain
To play with the toy train

The pretty butterfly that flies in the sky
They land on flowers and fill their tummy
for hours ,
The god made butterfly
Like a flying fairy in the sky

Rose, rose, rose
You are so close! ,
The God made the rose
For it's fragrance to be my doze

None can shine like the sun
It's light in the morning is a great fun,
The God made the sun
And this made each morning perfect for a
run

Out comes the moon in the night
It make's the night pleasant and bright,
The God made the moon
like a diamond in a dark room.

Art in the Classroom

One day, our teacher explained the water cycle in a different way. She asked us to paint raindrops, act like clouds and sing a song about rain. Some of us danced to show evaporation, while others made a skit where a water drop told its story.

The whole class enjoyed learning with colors, music and drama.
We understood the lesson quickly and remembered it easily.
That day, I realized how art makes learning joyful, creative and
easy to understand.

A Peaceful Night

Golden sunsets paint the sky,
Softly fading, twilight's sigh.
Stars appear, like diamonds bright,
Night's gentle whisper, a peaceful sight.

The world is hushed, in quiet sleep,
Dreams unfold, secrets to keep.
The moon's soft light, a guiding ray,
Illuminates the path, come what may.

In this stillness, I find my peace,
A sense of calm, my worries cease.

Every day: Something New

As children we loved listening to fairy tales
Filled with adventure...large and small
Some dangerous and some full of fun
Came the day of discovering
Life...was the greatest adventure of them all

Everyday of it is a new one
Just as if those fairy tales
Some are with darkness
In others we do adventures finding hope
We have rose up through it all
One never know which ones tomorrow
Darkness or finding hope

Magical Canvas

Once upon a time, in a magical land, words and art were best friends. Words could paint beautiful pictures in the air and art could tell amazing stories without speaking.

One day, a little girl named Lily discovered this magical land. She loved to draw and write stories. As she mixed colors on her palette, words started flowing onto her canvas. Her drawings came alive and the characters began to speak.

Lily's art spoke through words and her words became art. She created a world where imagination knew no bounds. Her friends were amazed and soon, everyone wanted to join her magical world.

Together, they created a place where words and art danced together, inspiring each other to create something new and beautiful every day.

Reflection

This story shows how words and art can come together to create something magical. Just like Lily, we can use our imagination to make our words and art speak to others.

Joyful Learning

Art Integration makes education joyful and creative. With the help of art, we can remember things longer and enjoy what we study. When our teachers or mentors add drawing, music, drama or any fun activity to their teaching, it makes learning interesting and easier to understand. For example, by listening to a story we can learn history, a song can explain science, a picture can teach us maths and through drama we can learn any language.

We understand subjects easily and feel free and confident to express our ideas in many ways. Not only through books, but art also helps us apply our imagination and creativity, making learning a fun-filled activity. It is truly a fun and creative way to learn.

ADHD in Indian Children: Prevalence, Misunderstanding and Gaps in Educational and Society Response

ADHD is estimated to affect tens of millions of children globally, Indian the prevalence estimated to be 2.3% to more than 17%, but it is grossly misunderstood and undertreated in schools. It is estimated that nearly 10 million Indian children are affected by ADHD each year, but an estimated 60% remain undetected by teachers, who mislabel symptoms as poor behaviour. Gaps in knowledge are particularly large in rural schools, where teachers receive very little training on ADHD.

Indian social norms of compliance, academic success, and obedience also discourage families from initiating treatment, as well as stigma around mental illness. Parents perceive ADHD behaviours as disobedience and social stigma puts off diagnosis and treatment. Denial of eligibility under the Rights of Persons with Disabilities Act denies affected children legal protections, resources, accommodations. Untreated ADHD leads to underachievement, increased dropout rates and long-term work and social problems. The National Education Policy 2020 encourages early identification and specialist intervention, but it is not implemented consistently. Teachers must be trained in ADHD awareness, Individual Education Plans prepared, classroom adjustments made and liaison with mental health staff. Stigma reduction and education policy reform are needed such that children with ADHD are assisted and not punished and neglected.

The Anger Issue of a Kind Person

Once upon a time, there was a kind person.

But he was angry all the time. He helped everyone in the village, but if someone teased him even with a single sentence, he would get extremely angry. Because of this, nobody liked him. He wondered, "Why does no one like me?"

I'm so kind, yet still, no one likes me."

He thought, "I should be kinder than before."

He became kinder, but still no one liked him.

Then one day, someone teased him, and this time he did not get angry. He remained calm.

The person kept teasing him, but nothing happened to him.

Then he started thinking and realized, "Oh, no one likes me because I always became angry. And now—this is a miracle! I didn't get angry. From now on, I will keep repeating this process until everyone likes me."

And so he continued to stay calm, and eventually, everyone began to like him.

Moral:- Anger always surpasses the good habits, so one should not become angry

Colours in Learning

One rainy afternoon, I was sketching butterflies near my window. The next day in school, our teacher surprised us by saying we could learn our lessons in a creative way. Instead of just reading about the life cycle of a butterfly, we drew and coloured it. I loved how the pictures made everything clearer. Soon, Maths turned into fun when we made rangoli patterns for symmetry. In History, we drew forts and rulers and suddenly the past didn't feel boring anymore. Even English lessons became joyful when we acted out poems in small plays.

I realized that learning is not only about books—it can also be painted, performed, and enjoyed.

Moral: Creativity makes learning joyful and unforgettable.

A STORY ABOUT A FARMER AND HIS PRISONER SON

In a certain village lived a farmer and his only son. The SON was a thief who goes about stealing from people's homes. He continued this wicked lifestyle till the day his cup got filled. He stole heavy some of money from the richest man in their village, that day he didn't escape successfully as he used to. The farmer involved the police immediately he found out that his money was missing and the police started investigating, and finally they found out that the boy stole the money so they sent him to prison. After some months, it was time for farming and the farmer was already old and weak and can't dig the ground anymore so the old farmer wrote this letter to his son in prison. Son, this year I will not plant cassava and yams because I can't dig the field, I know if you were here you would have helped. The son was really touched by his father's letter so he thought a plan and replied his father Dad don't even think of digging the field because that's where I buried the money I stole". The POLICEMEN on reading this letter went early in the morning and dug the whole field in search of the money but nothing was found. The next day the son wrote his father again "Dad you can now plant your cassava and yam this is the best I can do from here. Dad replied "My son, you are too powerful indeed, even in prison you still command policemen to work for me. I was so surprised to see the IGP and his team holding hoes and shovels, digging my farm. I will write to you when I want to harvest."

MORAL LESSON: Nobody can imprison your mind.

RIYA'S ADVENTURES

Riya lives with her father, mother, brother, grandfather, and grandmother. Every day, she goes to everyone's house and does some little work. She worked very hard and saved some money for her family so that they could eat properly. Her family was very happy with Riya's hard work. But one day, her father fell ill. Everyone in the family tried to cure her father, but there was no effect. Riya could not bear to see her father suffering, so she took some money for food and went to the Himalayas. There, she prayed for a long time. Finally, Lord Ganesha appeared and granted her wish. After that, her family lived happily. Riya's love, courage and determination showed that faith and hard work can overcome any difficulty.

A HERO

Once in a small village, there was a young boy named Arjun. He was not very strong, but he had a brave heart. One day, a big fire broke out in the village. Everyone was scared and confused. Arjun quickly thought of a plan. He ran into the burning houses and helped people come out safely. He carried an old man and a scared child to safety. The villagers were amazed at his courage. Though he was young, Arjun became their hero because he saved many lives without thinking about his own safety. From that day, everyone respected Arjun and called him The Hero of the Village.

स्कूल चले, स्कूल चले (कविता)

स्कूल चले, स्कूल चले सुबह-सुबह
स्कूल चले।
जब सूरज की किरण धरती पर आती
॥
मम्मी-पापा मुझको झकोरकर उठाते
।
आंखें मलती हालत मे हम उठते ।
ब्रश करते और स्नान करके पूजा
करते ॥
हम चले स्कूल हम चले स्कूल ॥
भारी-भारी बैग हम अपने ।
छोटे-छोटे कंधों पर लेकर ॥
स्कूल चले स्कूल चले ।
सुबह-सुबह हम बस पकड़ते ॥
स्कूल चले स्कूल चले ।
बस हमें दोस्तों से मिलवाती ॥
स्कूल हमको वह लेकर जाती ।
स्कूल चले हम स्कूल चले ॥

कहानी: दो गांवों की अधूरी तरक्की

बहुत समय पहले सुंदरपुर और रामपुर नामक दो सुंदर गांव थे, लेकिन आपसी झगड़े ने उनकी खुशहाली छीन ली थीं। श्याम नामक समझदार और नेक दिल व्यक्ति ने सोचा कि क्यों न दोनों गांव के लोगों को जोड़कर एक रोजगार का एक केंद्र बनाया जाए। श्याम ने गांव से बाहर एक कार्यालय स्थापित किया, जहां दोनों गांव के लोग मिलकर काम कर सकते थे। यह पहल सहयोग और एकता की नई राह बना रही थी। लेकिन कुछ ईर्ष्यालु लोग इस बदलाव को नहीं सह सके। उन्होंने जलन से भरकर श्याम की हत्या कर दी।

श्याम का सपना अधूरा रह गया। न सुंदरपुर तरक्की कर सका, न रामपुर।

संदेश यह है - एकता और सहयोग से ही समाज का विकास संभव है।

A New Perspective

I used to think history was just a list of dates, a black-and-white past confined to a textbook. But then, my teacher showed us a historical event through a painting. The vibrant colours and dynamic figures brought the story to life. I saw the fear in the soldiers' eyes and the courage in the queen's stance.

The art didn't just illustrate the lesson; it became the lesson. It made me feel the past, not just memorize it. Now, every subject is a canvas waiting for colour, a melody waiting for a new note. Art integration is seeing the world not just with your mind, but with your heart.

Editorial Insights

Turning moments into memories and memories into stories

Every smile, every milestone, every celebration—captured in a frame and preserved as a story. As the Visual Content Designer, my role is to transform these precious moments into a vibrant tapestry called our school newsletter. Each edition is not merely a collection of words and pictures, but a reflection of our collective dreams, efforts, and togetherness. Through every page, we celebrate not just our achievements, but the spirit of who we are—an inspiring family of learners, dreamers, and achievers.

Colors of Haminastu: A Designer's Reflection

Designing this edition of '**Haminastu**' has been nothing short of a creative adventure. Art and technology came together like brush and canvas, opening up a space where imagination flows and innovation takes shape. Through this Newsletter, I wasn't just designing pages—I was crafting an experience.

Colors, fonts, layouts, and visuals weren't chosen for beauty alone—they were blended to spark emotion, tell stories, and bring *Art in the Digital Age* to life.

Each color whispered emotion, each font carried rhythm, and every layout became a stage for stories to shine. Every detail was a chance to make ideas shine brighter and connect more deeply.

This journey reminded me of one truth: ***Design isn't decoration—it's storytelling.*** It's the bridge between ideas and impact, between words and wonder.

Here's to many more editions of '**Haminastu**' that fuel curiosity, inspire creativity, and empower young minds to design their own digital dreams.
